# TIMBER TAGGER SYSTEM

## "TAGS THAT WORK"

- \* Every tag is made to exacting standards for the Timber Tagger.
- \* We use a proprietary material which is strong & durable.
- \* 5 different tag sizes available.
- \* Up to 7 custom color choices.
- \* Precision die cut for flawless indexing.
- \* Over 20 years experience producing billions & billions of lumber tags error free.

We have spent years researching & perfecting our proprietary combination of material, inks, and protective coating to optimize tag dispensing and longevity.

## "A PERFECT MARRIAGE"

The most reliable error free system of applying lumber tags.

Your one stop solution for tags, taggers, parts, and service.

## "THE ORIGINAL TAGGER"

### THE TIMBER TAGGER

is a patented tool that, when attached to a pneumatic staple gun, can advance, cut and staple tags with a single pull of the trigger. The TIMBER TAGGER applies a special die cut tag at high speed.

Fast application rate.

Lightweight and ergonomically engineered.

Easy to maintain.

A proven design.
